## for Buyers

With an extensive and growing range of products on offer, RENUGO is a global online wholesale marketplace where buyers and sellers come together.

Focused on bulk lots of used, refurbished, end-of-life, excess, returns, and non-functional inventory, the marketplace has started with a core practice in IT and consumer electronics. As the marketplace evolves, additional product categories will be added.

### How to Become a RENUGO Buyer

We invite you to register for access to the marketplace by visiting our site at [www.renugo.com](http://www.renugo.com).

Once we've validated your reseller's certificate and other details, we'll grant you access to the site and you may select the product categories and preferences for email/SMS notifications. You'll be notified when items on your watch list are posted as well as when auctions start and end.

- 1** • Register  
• Select Buying Preferences
- 2** • Submit Requested Documents  
• Receive Alerts
- 3** • Bid on auctions  
• Buy fixed-price lots

Global. Powerful. Simple. Safe.

## for Sellers

---

The RENUGO marketplace is a flexible and efficient global B2B platform. Focused on bulk lots of used, refurbished, end-of-life, excess, returns, and non-functional inventory, the marketplace brings pre-qualified buyers and sellers together.

### How to Become a RENUGO Seller

To become a Seller, start by scheduling a demo with the RENUGO team. If you like what you see, we'll initiate the approval and on-boarding process and have you selling in no time.

- Send us your inventory list
- Our product experts provide feedback and create auctions that match your requirements.
- View your auctions in real time.

RENUGO brings you automation with control...and plenty of useful data.

Contact [sales@renugo.com](mailto:sales@renugo.com) to request a demo.
